Collaborating Institution

OCEAN EXPLORATION TRUST

The Ocean Exploration Trust was founded in 2008 by Dr. Robert Ballard to engage in pure ocean exploration. Our international programs center on scientific exploration of the seafloor and many of our expeditions are launched from aboard Exploration Vessel (E/V) Nautilus, a 64-meter research vessel operated by the Ocean Exploration Trust. In addition to conducting scientific research, we offer our expeditions to explorers on shore via live video, audio, and data feeds from the field. We also bring educators and students of all ages aboard during E/V Nautilus expeditions, offering them hands-on experience in ocean exploration, research, and communications.
