

Transect Species List

Transect 1 West Arm Mud Bank 1-3 m		Transect 2 Old Camping Spot 11-14 m	
rockweed	<i>Fucus sp.</i>	sugar kelp	<i>Saccharina latissima</i>
tube-dwelling anemone	possibly <i>Pachycerianthus borealis</i>	coralline algae	<i>Corallina sp.</i>
comb jelly	<i>Mertensia ovum</i>	tube-dwelling anemone	possibly <i>Pachycerianthus borealis</i>
cone worm	<i>undetermined pectinaria worm</i>	double bubble jelly	<i>Halitholus cirratus</i>
discordant mussel	<i>Musculus discor</i>	cone worm	<i>undetermined pectinaria worm</i>
truncated mya	<i>Maya truncata</i>	frilled sea star	possibly <i>Urasterias lincki</i>
arctic saxicave or nestler clam	<i>Hiatella arctica</i>	barnacle	<i>Balanus sp.</i>
green sea urchin	<i>Strongylocentrotus droebachiensis</i>	rose star	<i>Crossaster papposus</i>
arctic shanny	<i>Stichaeus punctatus</i>	green sea urchin	<i>Strongylocentrotus droebachiensis</i>
four-horned sculpin	<i>Myoxocephalus quadricornis</i>	arctic lion's mane	<i>Cyanea sp.</i>

Transect 3 Middle Mouth South 15-20 m		Transect 4 Cape Colborne Sandbar Deep 30-35 m	
sugar kelp	<i>Saccharina latissima</i>	rose seaweed	possibly <i>Palmaria palmata</i>
coralline algae	<i>Corallina sp.</i>	burrowing anemone	<i>Halcampa arctica</i>
arctic crimson anemone	<i>Cribrinopsis similis</i>	red or white soft coral	<i>Gersemia rubiformis</i>
hydromedusa	<i>Aglantha digitale</i>	cone worm	<i>undetermined pectinaria worm</i>
cone worm	<i>undetermined pectinaria worm</i>	arctic saxicave or nestler clam	<i>Hiatella arctica</i>
Iceland cockle	<i>Clinocardium cilatum</i>	ridged Buccinum snail	possibly <i>Buccinum scalariforme</i>
arctic saxicave or nestler clam	<i>Hiatella arctica</i>	hedgehog amphipod	<i>Paramphithoe hystrix</i>
giant black sea cucumber	<i>Cucumaria frondosa</i>	arctic lyre crab	<i>Hyas coarctatus</i>
Greenland cod	<i>Gadus ogac</i>	green sea urchin	<i>Strongylocentrotus droebachiensis</i>
ribbed sculpin	<i>Triglops pingelii</i>	peachy burrowing sea cucumber	<i>Psolus phantapus</i>
